

104xx1/25 series, PN 25, flange / flange, DN 100-500, reduced bore

A large, blue industrial valve with a handwheel and a flange. The valve is shown in a 3D perspective view, highlighting its robust construction and the circular handwheel for manual operation. The flange at the front has multiple bolt holes for secure connection.

Technical drawing of a 100mm diameter ball valve. The drawing shows a top-down view of the valve body with a handle on the right. Dimensions are indicated: A is the total length, E is the height of the valve body, D2 is the outer diameter of the valve body, and D3 is the diameter of the handle shaft.
